SIX3TILE® BACKSPLASH PRO KITS

TAKE THE COMPLEXITY OUT OF TILE INSTALLATION

Cut to industry-standard cabinet height, Six3Tile Backsplash Pro Kits save you time and money with pre-cut tile panels that any contractor can install and grout in an afternoon.

Unlike traditional tile, Six3Tile can be grouted immediately for rapid renovation in occupied or unoccupied units.

Simply cut the panels to fit around outlets and use construction adhesive to keep panels in place. Avoid the hassle of ceramic tile and achieve the same, premium look with durable Six3Tile that's designed to last.

Installs 2-2.5x faster
than ceramic tile

Durable &
Stain Resistant

Pre-cut tile panels

The **Backsplash Pro Kit** contains 5 tile panels and covers 30 square feet.

SIX3TILE® SHOWER AND TUB
SURROUND PRO KITS

RAPIDLY REFRESH
OUTDATED SHOWER
AND TUB SURROUNDS

Take decades off your unit with simple installation and timeless styles that don't break the bank.

Six3Tile Shower + Tub Surround Pro Kits can be applied to moisture-resistant drywall, cement backer board, or over pre-existing tile for fast, simple installation that works for any multifamily unit.

With tongue-and-groove panels that create a watertight seal, any contractor can update your unit's shower and tub surround with a durable solution for incoming residents.

Watertight Seal

Shower and Tub Surround panels include a pre-cut groove that fits over a tongue, automatically creating a grout channel while preventing water from penetrating the seam

No special skills or tools required

Hassle-free, grout immediately

Quick and easy, reduced resident displacement

The **Shower + Tub Surround Pro Kits** contains 9 or 12 tile panels and covers 64-84 square feet. A Six3Tile Tub reaches 72" in height. A shower reaches 94" in height.
